## In Good Company: Sushi Sushi

[Anna:] What makes great sushi is, you see how we work. Everybody is happy, doing what they love doing. They help each other, it's like a family. Also, secret recipe! (laughs)

Sushi Sushi basically provides the freshest sushi at affordable prices. The customers, they know that it's great sushi they can trust.

[Lai Kim:] Anna is energetic and she has the vision. Over 10 years, they've grown from a family business to a near corporate style business, providing affordable sushi to every Australian.

[Anna:] Bankwest has helped me to manage my investment in my business and help me to grow. We started with one shop in Box Hill, and now we have 105 stores across Australia.

[Lai Kim:] Often I catch up with her for lunch and we can discuss what's happening to her business. Having this knowledge means I can offer the right product, structure the right loan to help them achieve their business goal. The future is promising, and I'm proud to be part of it.

[Anna:] Lai Kim's knowledge in banking has made business a lot easier. My business is all about customer service really and that's what I'm looking for in people I do business with.

[Voiceover:] In Good Company, a series from Bankwest. Making banking easier by knowing your business, not just your banking.
