### 3.3 Line of Credit Fee

A Line of Credit Fee applies if:

- (1) the account has an authorised credit limit that has been quoted for 10 or more days during the fee raising period, whether the account is in debit or credit; or
- (2) the account is overdrawn during the fee raising period:
  - (a) by \$1,000 or more; or
  - (b) for 10 days or more, including non-business days, whether or not consecutive, by any amount;

and Bankwest elects to honour (pay) the transaction which overdraws the account.

The fee raising period is quarterly and the fee is debited to the account in arrears on the last business day of March, June, September and December or when the account is closed or limit is cancelled.

The amount of the fee is calculated using the scale below and is based on the greater of the authorised credit limit or overdrawn balance during the fee raising period.

Amount From	Amount To	Fee
\$0	\$500	\$0
\$501	and over	Minimum \$50 or 0.3% of the max credit limit or overdrawn balance.

### 3.4 Honour Fee – Personal

A \$10.00 Honour Fee will apply when one or more transactions overdraw the account, Bankwest elects to honour (pay) the transaction(s) and does not issue an Overdrawn Notice. The account will be overdrawn if there are insufficient funds, or the applicable credit limit has been exceeded, in order to meet a debit transaction (including cheques, direct debits and/or periodical payments). Bankwest will only charge one Honour Fee per account, per-day.

### 3.5 Outward Dishonour Fee

A \$10.00 Outward Dishonour Fee will be charged to the account where there are insufficient cleared funds in your account to cover a cheque drawn on your account or an authorised debit request made in respect of your account. Bankwest will only charge one Outward Dishonour Fee per account, per-day.

### 3.6 Other fees which may be incurred on the account

## 4 INTEREST

### 4.1 Credit Interest

The interest rate is variable. This means that any rate which is stated in this Product Schedule may be changed by us at any time. Any change to an interest rate will be notified in the press. You can obtain information about our current rates by visiting our website at [bankwest.com.au](http://bankwest.com.au) or by calling the Bankwest Business Customer Support Team on 13 7000.

Credit interest is paid annually to the account and is calculated up to and including the second last business day in August. We will credit this interest to your account on the last business day in August. Interest for any day after the second last business day will be included in the next period.

The credit interest rate tiers are as follows:

Amount From	Amount To	Interest Rate (p.a.)
\$0	\$19999.99	0.01%
\$20000	\$49999.99	0.01%
\$50000	\$99999.99	0.05%
\$100000	And over	0.05%

Credit interest is calculated at the applicable rate on the minimum balance of the account for the month.

### 4.2 Debit Interest

---

The account must not be overdrawn without prior arrangement; however, if the account does fall into overdraft then debit interest will apply to the overdrawn balance. Debit interest will be charged on the overdrawn balance at an annual percentage rate of 14.51%p.a in accordance with clause 8.3 of the Bankwest Investment and Transaction Accounts Terms and Conditions. If there is an Overdraft Facility on the account and the agreed overdraft limit is not exceeded, interest will be charged on the outstanding balance of the Overdraft Facility at the annual percentage rate set out in the statement of account from time to time. If there is an Overdraft Facility on the account and the agreed overdraft limit is exceeded:

- interest will be charged on the outstanding balance of the Overdraft Facility up to the agreed overdraft limit at the annual percentage rate set out in the statement of account from time to time; and
- interest on the excess will be charged at an annual percentage rate of 14.51%p.a. in accordance with clause 8.4 of the Bankwest Investment and Transaction Account Terms and Conditions.

If there is an Overdraft Facility on the account, we calculate debit interest daily by multiplying the outstanding balance of your account by the annual percentage rate set out above from time to time and by dividing the result by the number of days in the year. Debit interest is calculated up to the second-last business day of the month and will be debited to your account on the last business day of the month.

## 5 OVERDRAFT FACILITY

If there is an Overdraft Facility on the account, we may at any time demand that you pay the entire outstanding balance of your Overdraft Facility.
