Sabre: [asks Papa] “What’s your top tips of paying off the home loan sooner”

[Title on screen: Paying off your home loan sooner]

Papa: “I just think of it like a bit of a game really. I want to pay off my home loan as soon as I can.”

Sabre: “You want win” [Sabre laughs]

Papa: “Yeah you just want win. If you get ahead, you know you get a bit of bonus or things that you thought were going to cost a lot of money don’t end up costing as much and you do have some spare money to put aside, just lock it in, play a bit of a game with yourself to try and just keep it in there. Knowing too that if you do have an emergency, then you are able to redraw [Sabre makes a comment reiterating Papa], take it back. But, just to mentally play that game, I think that helps me a lot. To get ahead and not let yourself slip.”
