

# Video transcript – The Small Business Lounge

Customer 1: There are a number of services that have been part of my Small Business Lounge membership that have really helped me in my business.

So my advisory sessions with Brooke have really helped me get some strategy in my business and really do some planning for growth which has been really helpful.

I've really enjoyed the social media sessions that I've had as well, they've made me look at my social media in another way, in a more strategised way which has been really good.

Customer 2: I come here once a month for the network events and I find them fantastic for building relationships.

Customer 1: And I love the Lounge Breakfast here, they are super fun and I feel like I have a whole new community of people to connect with.

Customer 3: I've loved being part of the SBL membership program. It's made me feel more confident and in control of my business, and it's allowed me to free up time so that I can spend time on other business ventures.

## The Lounge Membership

Bankwest customers get \$10 off the weekly membership fee, saving \$520 per year.
